

## Volunteer of the Month

### Anne Smudz - April 2008

My mom and dad are very good athletes! My sister Jessica is nine and my brother Matthew is 18.

Some of my hobbies are playing the piano (as you can see from the photo), singing, scrapbooking, ice skating, fashion design and playing tennis. My main interests are sports, fashion, music, writing and photography.

Since I am in high school and am required to do community service, my piano playing for the sisters is a good way to give my volunteer hours. Each Wednesday I play for the sisters in Memory Care.

I also enjoy being with my friends, shopping and movie marathons.
