

Volunteer of the Month

Elena Meconi, IHM Associate

I am the last in our family of four. I have always enjoyed word games and puzzles. My time as volunteer in our library reading room was a happy and satisfying experience for me. I write to six shut-ins on a regular basis and am happy to let them know that they are thought of. I spend some part of each day writing to someone who lives alone. My list is long. I know that sending a few words off does not take much time but means a lot to a person who's alone.
