

Full Harvest

*God of abundance,
We are in the time of harvest,
The gathering up of the rich gifts
From the soil you created.
We pray that all who are hungry
May share in this harvest,
Not only from the gleaning of the fields
But from the full harvesting.
We pray that all that is grown
May be distributed justly,
With each of us concerned that the other
Eat well and be satisfied with goodness and mercy.
The blessing of our food will only be complete
When all are at the table and rejoicing
At this celebration of growth and gift.*
